# Pioneers

## Matthew 28 v 17

- ▶ But the eleven went to the hillside in Galilee where Jesus had arranged to meet them, and when they had seen him they worshipped him, though some of them had doubts.

## Key learning point

- ▶ We modern people think of miracles as the suspension of the natural order, but Jesus meant them to be the restoration of the natural order.

# I believe .....

- ▶ That disciples of Jesus Christ should pray for the sick – t's part of the job description
- ▶ I believe that the NT teaches that the Holy Spirit gives the gift of healing and others to the church and it also instructs me to exercise it.
- ▶ When God heals it is intended to glorify Jesus Christ and points towards belief in the good news of Jesus.
- ▶ I believe Jesus heals – he has the power – he wants to share it.
